Dear

Thank you very much for supporting Girl Scouts in

by allowing troops to sell Girl Scout Cookies at your business during the Girl Scout Cookie Program®.

Girl Scouts of Connecticut has been informed by its bakery partner that it is not able to fulfill the council's cookie order on the original date of March 5. Therefore, we need to adjust our cookie booth period to begin on March 26 and end on April 24, three weeks later than what had been initially planned.

We ask that you consider extending your approval for troops to sell at your business during this revised timeline. Your partnership in the cookie program, which includes booth sales, not only supports troops as they earn funds to support girl-led activities, but also Girl Scouts as they learn important financial and life skills.

Thank you in advance for your consideration. If you have any questions or need any further information, please contact the volunteer listed below.

Sincerely,

Ann Nunn-Hacku

Ann Nunn-Hacku
