

## **Girl Scout Properties at Other Northeast Councils**

Girl Scout Councils in the Northeast Region are opening their camps to Girl Scout troops and groups from around the region. Check out these camps for your next campout. Many are located near great attractions or easy transport to major cities.

All camps will accept your appropriate council training for camping as required. Additional information for each camp is provided, as well as links to the council website for the camp. Reservations for camps are made with the sponsoring Girl Scout Council. Be sure to check and follow your own council's procedures for travel.
